
Tommy and the Super Disc Launcher!

BZZZT! Tommy's printer was done. He pulled his brand-new Super Disc Launcher right off the plate.

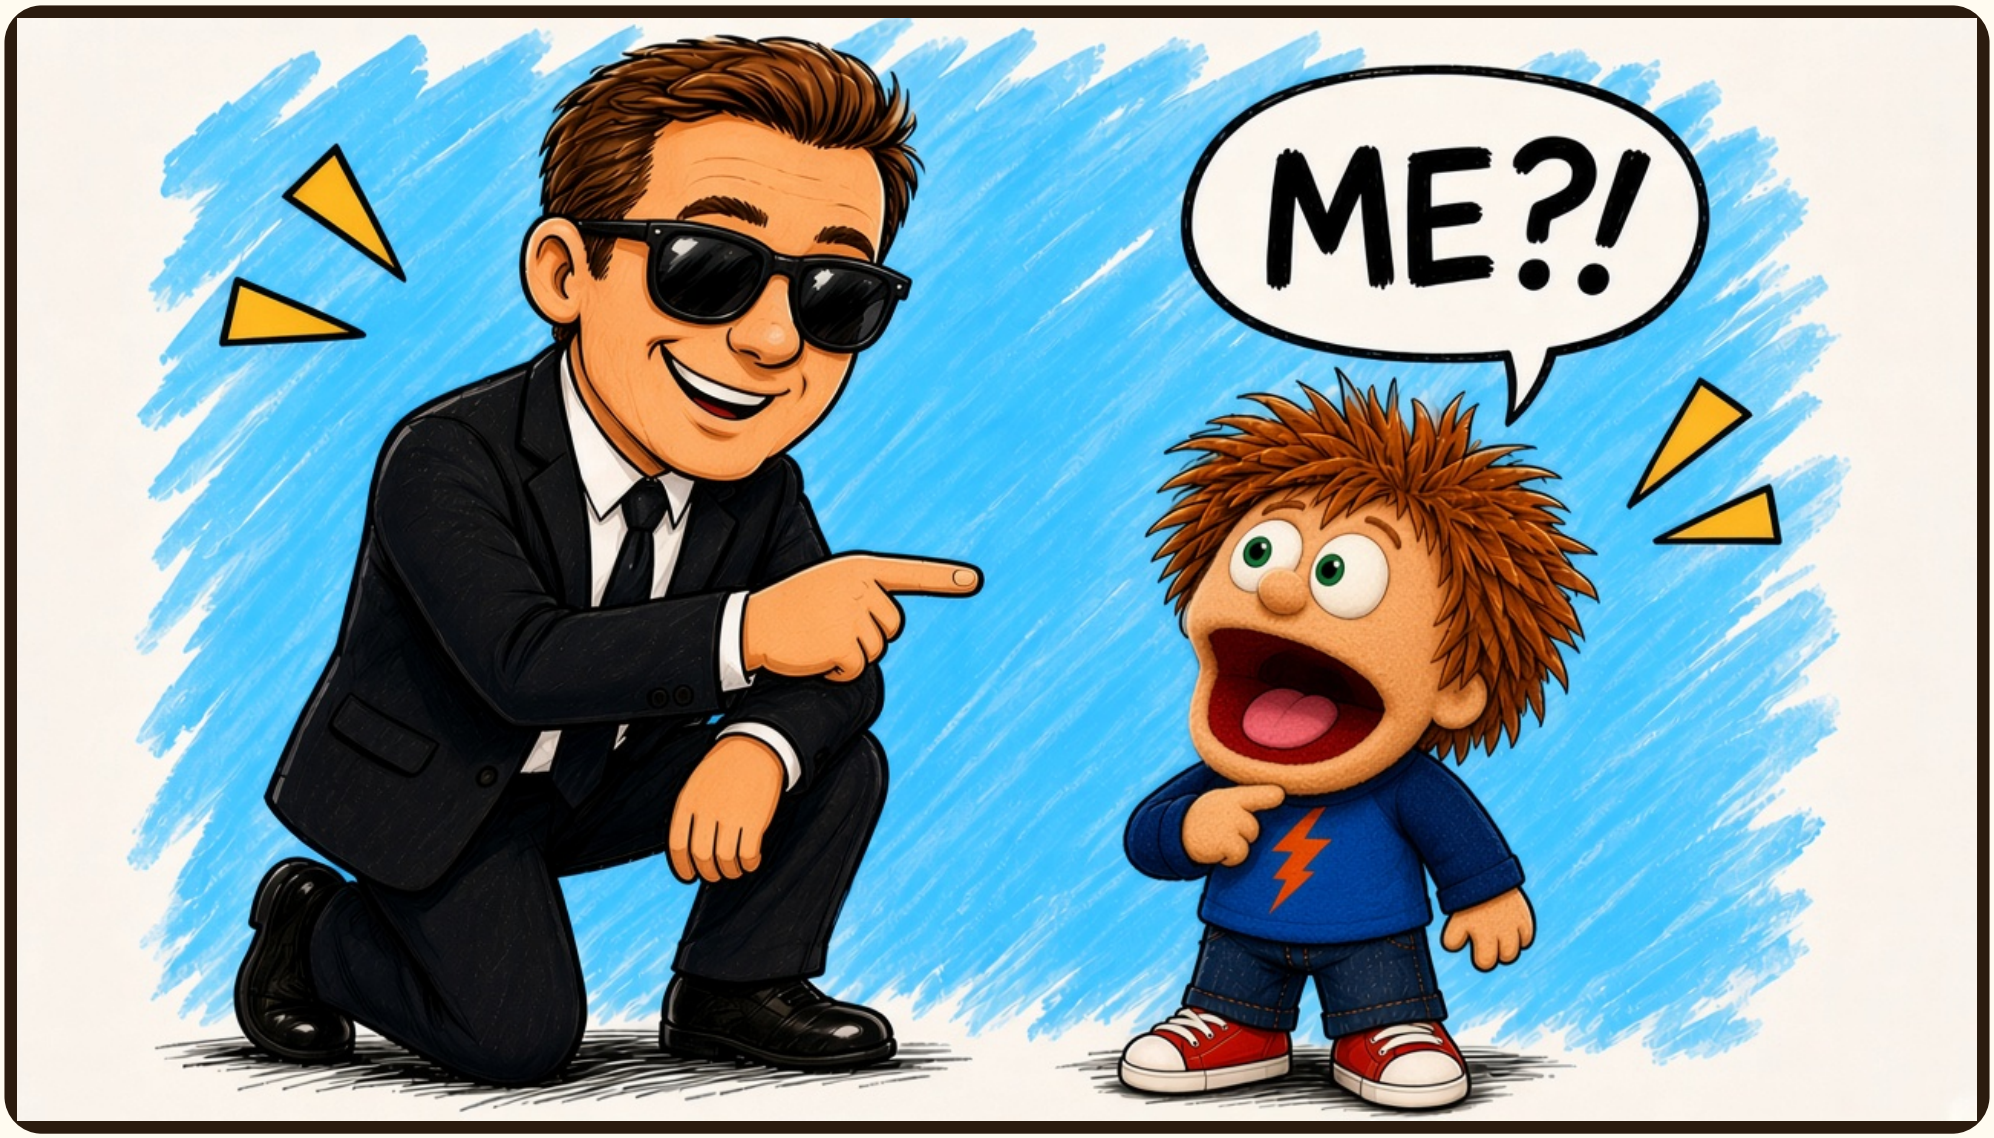

TA-DA! Look at that thing! Tommy's eyes went huge. "Bro... that is SO cool."

One test shot. ZWOOSH! TINK! The can flew off the fence. "Let's gooo!"

RING! RING! Tommy raised one eyebrow. Who even calls a puppet?

It was a secret agent! "Tommy, you're the Chosen One. That launcher shoots discs, webs, nets, AND goo!" "NO WAY! ME?!"

Tommy slid on his shades. SHING! "Alright. Mission on."

The Sneaky Snack Gang stole EVERY cookie in the city!
Tommy did his coolest squint.

There they go with the cookie bag. Tommy winked. "Hee hee? More like NOPE."

Tommy dove through the air, shooting discs. ZWOOSH! ZWOOSH! ZWOOSH!

BONK! A disc bopped a crook right on his hat. "Bro, that was sick!"

The crooks jumped into a giant monster truck. VROOM!
Tommy's mouth dropped WIDE open.

So Tommy hopped onto HIS own monster truck.
VROOOOM!

The truck flew over three cars! KA-BOING! Tommy's mouth flapped open and he held on tight.

Then Tommy did a backflip right off the truck. WHOOSH!
He even winked upside down.

He stuck the landing. Eyebrow up. Shades on. NAILED IT!

The crooks zoomed into a skinny alley. Tommy squinted. "Easy."

Tommy dropped onto his skateboard. His puppet mouth flapped open. Then he raced down the alley. SHHHRRRRK!

CLANG! Trash cans! MEOW! A cat! "WHOA!" Tommy jumped right over them all.

Tommy fired a goo disc. SPLAT-STICK! One crook stuck to the wall like gum.

But the other crooks climbed a tall building. Tommy's jaw dropped open. "Uh-oh."

Tommy hit the secret button. THWIP! THWIP! Sticky webs shot out of his launcher!

Tommy swung between the buildings. WHEEEE! His shaggy hair flapped in the wind.

He swung upside down and winked. "Hi, bro."

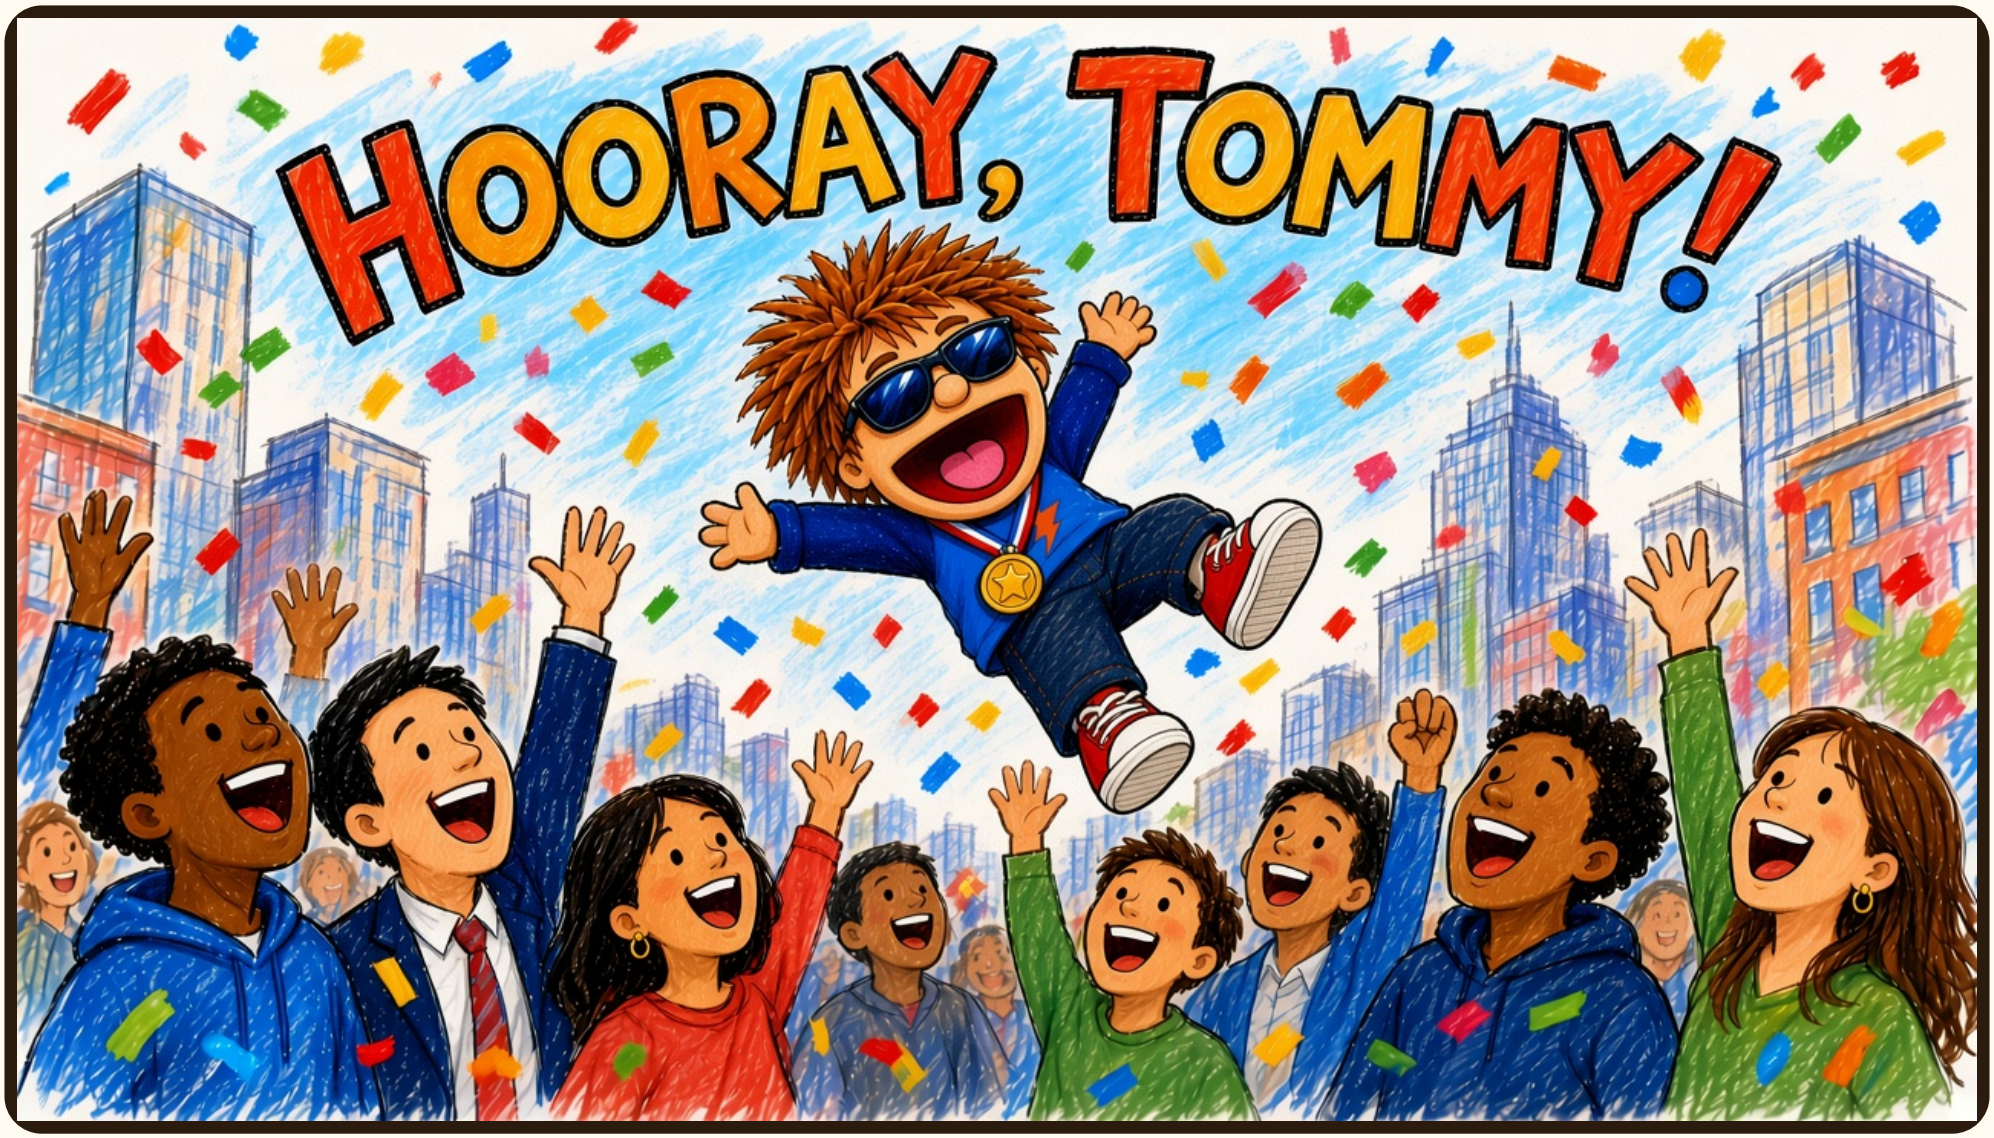

Tommy launched his biggest trap disc. FWUMP! A giant net scooped up the whole Snack Gang!

GOTCHA! The crooks dangled in the web. Tommy's puppet mouth flapped open in shock. Every cookie went back to the city!

The agent gave Tommy a shiny medal. His puppet mouth snapped shut. "Aw, thanks!"

The whole city cheered. Tommy did one more cool backflip.
HOORAY, TOMMY!

The sun went down. Tommy rolled home on his skateboard with a big YAAAWN.

He climbed into bed and gave his Super Disc Launcher a big, squishy hug.

"Night, launcher," Tommy whispered. And the hero fell fast asleep. Zzz...

THE END

ZWOOSH! BONK! Goodnight, Tommy!
